Product Code: MXA5000BL

Price: \$2,499.95

Description

Complement the powerful picture of your home theater system with powerful sound from the **Yamaha AVENTAGE MX-A5000 11-Channel Power Amplifier**. It is designed to deliver noise-free, balanced output on all 11 channels for pure sound realism. Its large toroidal transformer ensures that the unit packs enough power to feed multiple speakers for demanding applications.

The balanced XLR connections ensure minimum noise and interference when connected to the balanced outputs from a preamp (sold separately). For maximum immunity to noise and vibrations, this powerful amplifier is enclosed in a rugged housing with thick aluminum front and side panels with extra heavy steel legs and a double bottom. In addition, the rugged H-frame reinforced chassis provides mechanical strength.
