BPA free.

## Product Features

15-bar Italian pump and 1600 W thermocoil heating system

One- and two-cup presets and manual override

Easily adjust water temperature in two- to four-degree increments from default temperature

Low-pressure pre infusion helps ensure even brewing; patented twist-blade system trims the puck to the desired level for precision dosing and consistent extraction

Integrated bean hopper and grinder; both upper and lower burrs are removable for easy cleaning and adjustment

Removable 67-oz. water reservoir allows easy refilling; charcoal filtration reduces scale buildup and removes unpleasant flavors and odors

Steam wand features a round tip for easy cleaning

Dedicated hot water outlet is great for rinsing your mug or brewing a cup of tea

Integrated cup-warming tray

Removable stainless-steel drip tray keeps spills contained, making cleanup simple

Cleaning alert

Sleep mode after one hour; auto-off after three hours
