

# Breville One-Touch Tea Maker

**Brand:** Breville  
**Product Code:** BTM800XL

**Price:** \$349.00

## Description

The new Breville Tea Maker is a revolutionary tea experience. The fully automated tea basket moves down, then up, gently agitating the leaves to precisely infuse your tea. Push the basket button and watch the basket cycle in and out of immersion. Seeing is believing.

Different tea varieties such as Black, Green, White, and Oolong require exact water temperatures and controlled brew times to allow their unique flavors and aromas to develop during brewing. The Tea Maker eliminates the guesswork so you can enjoy a perfect cup of tea, every time.

Fully programmable for all types of tea, water temperatures, and steep times. The moving tea basket allows water to circulate freely around the individual tea leaves for maximum infusion. Set the timer and wake up to the aroma of your favorite brew. The German-made Schott glass kettle is durable and stain resistant.
